HOULT

The Strike.
As I stated last week would be the case, the miners here every one stopped work with the initial day of the strike, even the George Amos mine which is non union closed up, the men preferring to go out with the union men and Mr. Amos said he had no desire to incur ill will of friends and neighbors who esteem him. If it was not for the number of men loafing at the post office and the conversation a stranger would find it hard to believe that the strike is on. Everybody is in a good humor and there is a tendency to regard the strike as a sort of joke and jest.

There seems to be feeling that both sides will get together before long in agreement.

Hog Killing.
Some of the people are taking advantage of the cooler weather and the enforced vacation caused by the strike to butcher. The high price of feed will tend toward early butchering this fall if weather makes it safe.

WOMEN AT WORK

During the war millions of women have been working in vocations that which they had never before known called in Munitions factories, Chemical Works, Metal Works, Street Railways, and as Ambulance Drivers, Barbers and Electricians. Undoubtedly thousands of other have longed to serve in this way, but because of female weakness, which had fastened upon them, were not able to do so. Women in this condition should give Lydia E. Pinkham's Vegetable Compound a trial and find health and strength, as thousands of others have done.

FUR AND VELVET FORM COSTUMES FOR WINTERY DAYS

FASHION ART

By BETTY BROWN.

NEW YORK, Oct. 30. — Sketched above are two winter street costumes, designed to fit every occasion for daytime street apparel. If a fur coat is the scene of comfort and mode, the one sketched in seal will be a constant source of satisfaction. Short enough not to be a drag upon the shoulders, it is clasped closely around the throat in a collar of the same fur. Wide, cape cuffs reach to the three-quarter length, and a seal belt of medium width marks

and most of it will be finished before Thanksgiving, the time usually set by the miners to butcher.

the waist line in the front, passing under the cape-like back. Monkey fur tips mark the joining of the back panel with the front.

Beside the fur coat is outlined a suit in Russian blouse style, made up of chiffon velvet in one of the new shades of red. High, close-fitting collar, cuffs, edge of jacket, and tips of the long, sash belt, are trimmed with gray squirrel. The back of the coat forms a loose panel, from which the belt emerges under each arm, to loop at the front.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-139

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public there is one preparation that has been very successful in overcoming these conditions. The man and woman influence of Dr. Kilmer's Swamp Elixir soon realized. It stands the highest for its remarkable record of success.

An examining physician, one of the prominent Life Insurance Companies in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is said that at all drug stores in bottles of two sizes, medium and large. However, if you wish to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N.
